HARNESS RACING.

THE ABBOT STARTS TO-DAY AT THE GRAND CIRCUIT MEETING.

It was an off day at the Grand Circuit trotting meeting yesterday, for the card was the poorest of

PROGRAMME OF SPORTS TO-DAY. instructed his men to keep in condition during the sixth hole Lloyd made a misput, while Varden halved it and won.

R. D. Starbuck, the big, red haired captain, was re-elected last fall, and will probably be Cornell's fullback. Morrison, who played an excellent game at right halfback, will return. Pierson, who was considered the best worker on the team, is now in the medical college and may not be able to go to Ithaca for practice, in which case his place at centre will be taken by Dorner. Warner, the big left guard, is a sophomore this year. Alexander, right tackle, will try for his old place. Taussig, the lightweight end, is a junior and can be counted on for right end. The men of last year's team who have dropped out ars G. H. Young, quarterback: Waibridge, left halfback: Caldwell, right guard: Folger, left tackle, and Davali, left end. The substitutes of last year will furnish Bryant, a likely candidate for halfback: Cross, who has done good work at end: Dorner, who played centre before Pierson, went to Cornell, and Ottis, Wilson and Short. Thomas, quarterback and captain of last year's second 'Varsity, seems to be the most likely candidate for quarterback. Purcell, halfback; Finnucane, quarterback: Berry, guard, and Hull, end, are the likely men from last year's freshman team. fullback. Morrison, who played an excellent game

CYCLING.

MANY OF THE RACING MEN SUSPENDED BY THE NATIONAL CYCLING ASSOCIATION.

The National Cycling Association issued a bulletin yesterday announcing the suspension of many Meet promoters are also requested to be riders careful about their entries in novice races, and not to accept the entry unless the rider himself signs the blank. A part of the bulletin follows:

the week, and the high wind which swept down from the west made extreme speed impossible. The wind at times was strong enough to rock the big steel grandstand, and the horses had to face it all the way from the head of the homestratch to the wire. The track was in fine condition, but the dust rose in clouds as the horses swept over it, taking the cushion off as fast as the harrows could put it on.

The stout hearted Boston stallion Greenbrino won a good race in the class for 2:10 trotters. John

The stout hearted Boston stallion Greenbrino won a good race in the class for 2:10 trotters. John

THE ABBOTT.

Who will try to break Alix's record of 2:03%, at the Empire City Track to-day.

en's black gelding Captain Jack were the leaders in the betting before the start, Greenbrino selling for ten days, or has the option of paying a fine only \$20 in auction pools of \$200. Pilatus led the field to the head of the homestretch in the first heat, but Captain Jack beat him to the wire in a rice finish, when Golden made his drive. It was Captain Jack that led the way to the stretch in the second round and Greenbrino that outfooted him in the race for the wire. Complaints were lodged with the judges about Golden's driving of Captain Jack at the end of the third heat. Backers of the black horse wanted the officials to put up a new driver. A. J. Welch, one of the managers of the was among the complainants, but the judges took Golden's word for it that he was trying to win. In the final heat Captain Jack got into a pocket at the head of the homestretch, and Greenbrino's victory was not interfered with. Neither of the heat winners equalled his record. plunger, won \$5,000 on Greenbrino.

John F. Dingee's bay mare Daphne Dallas, win-ner of two wagon races at the summer matinees of the Road Drivers' Association, scored a cleancut victory over the Grand Circuit horses in the 2:15 class for pacers. The Brooklyn mare started favorite and won in straight heats with something to spare each time. Going with the wind up the backstretch, she paced the second quarter in 0:20a 2:00 clip. In this heat she lowered her record from 2:151/2 to 2:121/2, and in the final round she cut it down to 2:111/2. She was well driven by Herbert,

er caretaker. The 2:11 race for pacers resulted in a whipsaw The 2:11 race for pacers resulted in a whipsaw for the talent. The bettors backed the added starter, Art Alco, and W. C. Hendrickson's Ambuiator at \$100 each in pools of \$230. Art Alco won the first two heats quite handliy, pacing the second mile in the fast time of 2:0814. It was now any odds on the long legged Boston horse. He looked like a winner until the homestretch was reached. There Dore drove wide and little Gyp Walnut scurried through at the pole, beating him out to the wire in 2:0814. The bettors now rushed to hedge backing Gyp Walnut at \$100 to \$100 for the field. The little brown horse had the heat as good as won at the bead of the homestretch apparently, but Dore made a most determined drive with Art Alco as they neared the wire, and just succeeded in beating Gyp Walnut a nose as they crossed the line.

crossed the line.

The wagon race for amateurs proved to be one of the best features of the day.

To-day promises to be the big day of the circuit meeting. The pacing free for all is on the card, with Prince Alert, 2:02, and Anaconda, 2:02½, among the entries. The Abbot is to go against the world's trotting record of 2:03¾, with a good chance to beat it. Summaries:

FOOTBALL.

CORNELL MEN HOPEFUL

Cornell University's chances on the football field the coming season are not the brightest, accorder to the Cornellians at the new medical department of the university, in First-ave. Cornell men re hopeful that the new blood that must enter be team will be good, as the "scrub" and freshtoan teams of last year played excellent football.
The medical students, who are compelled to live away from Ithaca, will probably send one or two men to Ithaca for the season.

Cornell will begin the season with a view to detesting Pennsylvania in the Thanksgiving game.

That after year the team has gone from Ithaca to

"hiladelphia only to lose. Never were Cornell's ones stronger than last year, for the team had at defeated Columbia with a score of 29 to 9 and d wen a victory from Princeton earlier in the

of \$25. For competing in a novice race after having won a third prize, P. Guthrie, Newark, is suspended until January 1. For competing under an assumed name and for other dishonest practices in connection with cycle racing. Louis Henry, Trenton, is suspended until August 8, 1901. Pending investigation for unfair dealing in connection with cycle racing, Frank McCullough, Trenton, is placed on the list of those to whom National Cycle Association permits will not be granted. For team work at Guttenburg, M. T. Dove is suspended until September 22. For improper conduct at the same track on the same day, E. Hollander, Union Hill, is suspended until October 3.

Aaron Rosenberg and his wife, Josephine, of No. 72 East One-hundred-and-thirteenth-st., were fined It was said that "Nick" Hubinger, the New-Haven | \$5 each by Magistrate Mott, in the West Side court, vesterday morning because they disputed the law relating to lights on bicycles with Policeman Hanley, of the bleycle squad, on Tuesday evening. The couple were riding down Broadway on bicycles when they were stopped at Eighty-second-st. by the policeman and told that Mrs. Rosenberg would be arrested unless she put a light on her bicycle. Her husband had one. Mrs. Rosenberg contended that it was sufficient if her husband had a light, while Mr. Rosenberg "quoted" State law. They had less to say in court yesterday and paid their fines.

GOLF.

WALTER J. TRAVIS WINS THE MEDAL IN TUXEDO TOURNAMENT-A BRILLIANT CONTEST ON NEW LINKS.

Tuxedo Park, N. Y., Sept. 12 (Special) .- Tuxedo society turned its attention to golf to-day with an enthusiasm that showed the hold the sport has taken on that fashionable colony. It was the first tournament the Tuxedo Golf Club has given in three years, and the response to its invitations by players from all parts of the country was in part due to the curiosity to see its fine new links. At the last tournament the club had only a nine hole course, but it has now assumed the dignity of a big country club, with a full eighteen hole circuit, measuring more than 5,000 yards in length.

The tournament proved an unqualified success there were few defaults, the majority of the better known players entered being on hand for the opening round. Walter Breese Smith, president of the club, took general charge of the players, and by 10 o'clock forty of the sixty entrants had left the tee under his direction. The day's play was a busy one, for the qualifying round called for thirty-six holes, which meant a double circuit of

the links. The chief trophy of the tournament is the Tuxedo Cup, presented by Charles F. Hoffman, and for which the best sixteen qualified. The second sixteen were arranged in another class and will meet for the Ramapo Cup, presented by W. P. Hamilton, while those who did not gain a place in either division will play for the Wee Wah Cup, offered by A. D. Henry. The tournament will continue

Walter J. Travis, looking browner and broader than ever, made his first appearance since winning than ever, made his first appearance since winning the Garden City championship in July and captured the medal offered for the best score. Travis's card was 456, which establishes the competitive record of the course. Frank Bohlen, of Philadelphia, was another of the out of town representatives, and with him was W. C. Carnegie, the Pittsburg amateur. In fact, almost every golf club of note in this part of the country figured in the entry list, which included more than sixty in all. W. Y. Marsh was here from Morris County, and Devereaux Emmett from Garden City. The home club was also well represented by W. B. Dinsmore, Dr. E. C. Rushmore, Abbott Ingalls and E. C. Kent.

To understand the work of the contestants it will be necessary to glance at the following arrangement of holes:

The bogie for this distance was:

A newcomer in local tournaments, Oliver Perin, of Misquamicut, came second to Travis, with 167, and then followed James Stillman, of Newport, at 168. Bohlen, Cochrane and Carnegie tied at 172, and from that the scores in the first division ranged to 181. There was a tie for last place between Emmett, of Garden City, and Hull, of Tuxedo, and before the match play starts to-day this will be played off, the loser dropping into the Ramapo Cup division. The drawings for the match play rounds will be made to-morrow morning also.

VARDON WINS BY NARROW MARGIN. Manchester, Mass., Sept. 12.-Harry Vardon, the former British golf champion, just managed to up-hold his reputation in to-day's play on the new much training and too many big sames in quick succession. This resulted in a change of poilcy. It has been customary for the team to go to Richfield Springs on September 15 and do two weeks hard work. Practice will begin this year on September 27 on Percy Field, at Ithaca. There was a little practice fit the spring and Captain Starbuck in the afternoon, to Lloyd's total of 163 and Dingwell, in a thirty-six hole best ball match. Yardon made the round in 77 this morning and 85 in the afternoon, to Lloyd's total of 163 and Dingwell's of 175.

The morning play of eighteen holes made Vardon winner by 3 up, but he was 2 down on the afternoon round. Play was in a howling gale. At the thirty-

ANOTHER PRIZE FOR PROFESSIONALS. It seems to be the general opinion that the playing of Harry Vardon and J. H. Taylor in the oper championship may curtail the entries and possibly destroy the interest on the part of resident professionals in the tournament. In order to serve as an inducement to them to enter A. G. Snalding has telegraphed that he will offer a purse of \$150 and a \$50 gold medal for the best score made by any player other than Vardon or Taylor.

WOMEN PLAY AT MONTCLAIR. Montclair, N. J., Sept. 12 (Special) .- At the Montclair links to-day the women's team of the Essex Country Club defeated the home team by 13 to 10.

illadelphia 58 55 513 Cincinnati
oston 55 58 487 New-York McGinnity, who has been called the "Iron Man," is certainly earning his title these days. This earnest and clever pitcher is about the only one of the Brooklyn twirlers in whom any confidence at present can be placed. The other pitchers

appear to be as wild as March hares. Yesterday the game with the Cincinnati team McGinnity

pitched his fourth consecutive battle, and as he

Still, the champions are in a bad way when they find it necessary to work one man so often. Unless the other pitchers recover their form the chances are that McGinnity will break down, and then the team would be in a pretty mess. Man-ager Hanlon is determined to hold his present place in the race, if possible. In case the Pittsburg team should be beaten in a couple of games, then Hanlon would feel justified in taking chances with

some of his other pitchers. It was a lively contest yesterday, with the visiting players disputing almost every decision made by the umpire. The home players took the lead in the fourth inning and held the advantage to the seventh. At this point the visitors rallied, and, scoring two runs, took the lead. In the last half inning two men were out, and the bases were full, with Daly at the bat. A good hit meant the game, and Daly was equal to the emergency. Darkness was fast approaching, and it was seen Darkness was fast approaching, and it was seen that another inning could not be played. Daly waited patiently for the sort of ball he wanted, and his patience was rewarded. There was a sharp crack when the bat and ball met, and the horse-hide covered sphere went sailing safely into the outfield. The hit was good for two bases, and the three men on the different bases all crossed the plate and the game was won. The "Tans" considered that Daly was entitled to "Boss" Croker's indorsement for nomination for Governor. Score:

TAILENDERS WON AND LOST. The New-York and Chicago teams broke even in a double header at the Polo Grounds yesterday afternoon. The visitors won the first game without much trouble. The second game was closely conested, New-York winning because of a wild throw by McCormick. He gathered up Hickman's grounder and then threw behind the grandstand, Hick-man scoring on the error. Mercer was in collision with Kling at the plate in the seventh inning of the first game and was knocked out. He recovered the first game and was knocked out. He recovered in a few minutes, but was too badly shaken up to continue. The scores:

YACHTS TOWED TO SEA GATE FOR THE START-TWO GUNS TO BE FIRED.

The yacht races for the Lipton Cup will be sailed this afternoon off Sandy Hook. The Yankee was towed past City Island on her way to Sea Gate on Tuesday, and the Mineola left the Hawkins yards in tow for the same destination yesterday. other yachts of the seventy-foot class, the Virginia and the Rainbow, were already at anchor near the Atlantic Yacht Club, whose anchorages are off Norton's Point, Coney Island. All four vessels are entered for the Lipton Cup race to-day. This trophy. which is presented by Sir Thomas Lipton, the last challenger for the America's Cup, is valued at \$1,000 and is open to Class H, single masted vessels and yawis. If there be no finish in to-day's race owing to lack of wind or otherwise, the contesting will be continued on successive days, Sundays excepted, until the cup is won. The time limit is six and a half hours, and the preparatory signal will, if possible, be given at 11:30 a. m., the starting signal to be given ten minutes later, so that the vessels will need wind enough to cover the whole course by 5:40 o'clock in the evening.

start will be made from the Sandy Hook Lightship, and Course C or Course D will be sailed. ourse C will be to a mark fifteen miles to windward or leeward and return, the outer mark to be left on the starboard hand; and Course D, if signalled, will be to a mark anchored seven and onehalf miles to windward or leeward and return, twice around, leaving the outer mark and the Sandy Hook Lightship on the starboard hand. The outer mark will be a white float carrying a red flag with diagonal white stripe surmounted by a three foot

The start and finish lines will be between point on the committee steamer indicated by a white flag, and the mainmast of the lightship. The old fashion of giving a timed start will again be followed in the sendoff of this race, and each vessel's time will be taken by the committee as she crosses the line for a space of three minutes after the starting gun, after which the handicap gun will be fired. Any further delay in crossing will not be calculated at the finish of the contest. In this race there need be no quick work at getting away, as in a one-gun start, and a vessel which may cross nearly three minutes later than another while still ahead of the handicap gun is equal with the leading boat. considered on the timekeeper's watch. This explanation is necessary to prevent spectators from falling into the natural mistake of supposing that the head boat is winning the cup, which, under this ancient custom, she may not be doing. The regatta committee of the club is composed of S. Nicholson Kane, Chester Griswold and Willism Butler Duncan, and should the officials think it better to postpone a start a preliminary signal will be made by firing a gun and the display of the yacht ensign at the fore, fifteen minutes before the preparatory signal. If the gun misses fire a prolonged blast will be blown by the committee steamer's whistle

a prolonged biast will be blown by the committee steamer's whistle.

The New-York Yacht Club has chartered the steamboat Cepheus to take members and guests over the course. The boat will leave West Twenty-second-st. at 9 a. m., and will land at the same pier on her return after the race. The cup to be raced for is being made in England, on the order of Sir Thomas Lipton, who has given much care to the selection of an appropriate design. The cup is 41 mehes high and 22 inches wide at its broadto the selection of an appropriate design. The cup is 44 inches high and 22 inches wide at its broadest part. It is in the form of a vase, having on each side a finely modelled sea horse; on the front of the body of the cup is a panel representing Columbia and Britannia joining hands over the international yacht rading and on a shield below is a place for the inscription of the winner's name. On the reverse side there is a corresponding panel showing the Stars and Stripes and Union Jack entwined and enamelled in the right colors. On the upper part of the cup are two eaglets, and on the lid is a finely modelled Victory, holding the trumpet of fame and the paim. The base is of ebony with sliver panels on each side, one showing a yacht race and the other the Statue of Liberty in New-York Harbor. There is also elaborate ornamentation in the way of marine emblematic figures.

On inquiry at the clubhouse in Madison-ave.

THE SEAWANHAKA CUP CHALLENGER. Montreal, Sept. 12 .- The challenger for the Sea-

wanhaka Cup from abroad is Lorne Campbell Currie, a member of the Island Salling Club, of Cowes, and of the Royal Northern Yacht Club, of asgow. The challenge came from Havre, where c. Currie is the secretary of a prominent yacht

ATLANTIC CLUB RACES FOR SEVENTIES. The four 70-footers Mineola, Yankes, Virginia and Rainbow have been entered for the fall reie regular Atlantic Club courses, partly in the Lower Bay and parily in the ocean. The course for schooners and Classes H (the 70-footers) and I (the 60-foot cutters) will be Course No. 2, which is twenty-five and one-half miles long, from the starting line in the Bay out round both the Scotland and Sandy Hook lightships and return. There will be five classes of schooners and eleven classes will be five classes of schooners and eleven classes of sloops and cutters, the K class being divided into two, for yachts in racing and cruising trim. There will be three classes of yawis and four of catboats, with the 21-foot raceabouts and the Marine and Field Club special class. The races will be in charge of a regatta committee composed of C. T. Pierce, chairman; George W. McNulty and A. F. Aldridge. Valuable prizes are offered by former Commodores Frederick T. Adams and Edward Weston and by Bartow S. Weeks, in addition to the regular club prizes.

AUTOMOBILE RACES.

MOTOR CONTESTS AT THE TRI-STATE FAIR TO BE HELD IN GUTTENBURG.

One of the most elaborate automobile programmes arranged in this country will be the lead-ing feature of the opening day at the Tri-State Fair, to be held at Guttenburg, N. J., September 18 to 22. The races will be held under the auspices of the Automobile Club of America, and entries close to-day with P. T. Powers, No. 220 Broadway. The list of entries received includes many of the fastest machines owned in the East, and the competition gives promise of being highly interesting. Ten contests are down for decision, as fol-

Grand parade, in which all vehicles entered for exhibition and competition will take part. Two wheel vehicles, bicycles, tandems, etc.; distance, five miles. Three wheel vehicles; distance, five miles. Electric vehicles four wheels; distance, ten miles. Gasolene vehicles over one thousand pounds weight, four wheels, to carry two passengers; distance, ten miles. Gasolene vehicles less than one thousand pounds weight, four wheels, must carry two passengers; distance, ten miles. Steam vehicles, four wheels, to carry two passengers; distance, ten miles. Steam vehicles, four wheels, to carry two passengers; distance, ten miles. Ten mile open championship. Brake and manipulation test, open to all vehicles excepting bicycles and tandems; each contestant shall endeavor to pass between the obstacles without displacing any, and the competitor accomplishing it in the quickest time shall be declared the winner; distance one hundred yards.

FAST AUTOMOBILE IN FLAMES. THE MACHINE OF J. B. WALKER'S SON BURNS UP AFTER COVERING A MILE IN 1:56.

Poughkeepsie, N. Y., Sept. 12 (Special).-The speedy automobile owned by Randolph Walker, son of John Brisben Walker, made a mile in 1:55 on the driving park track at the Dutchess County Fair this afternoon, and half a minute later the machine was entirely consumed by flames. Yesterday afternoon Randolph Walker drove the mo-bile around the track for a mile in 1:44%. It is the same machine that made a mile at Newport a short time ago in 1:40. It is built especially for This afternoon the machine was operated by L.

This afternoon the machine was operated by L. M. Foster in Mr. Waiker's absence, he having been called to Tarrytown last night. With Mr. Foster was J. P. Drake, a machinist in Van Benschoten's machine shop, Drake was to regulate the flow of gasolene during the trip. Foster drove the machine around the track for two miles for a "warm up," and then got the word. The mile was covered in 156, amid the cheers of eight thousand people.

Just after the vehicle passed the wire it was enveloped in flames. Drake was an inexperienced man, and did not regulate the flow of gasolene properly. It caught fire and the whole machine was wrecked, the only thing saved being two wheels and a portion of the steel frame.

EX-CHAMPION DIES PLAYING HANDBALL. Ex-Alderman Thomas Cooke, of No. 260 Elderttt. Brooklyn, died suddenly yesterday afternoon in the handball court of Peter Shannan, at No. 1,27 Gates-ave., while he was showing a dozen young men how to handle a ball. Cooke was for many men how to handle a ball. Cooke was for many

YACHTING.

years the champion handball player of Williamsburg. He was sixty-five years old. When he defeated "Phill" Casey, the handball player, some years ago, he became the champion, and retained the title for a long time. He had just hit a ball yesterday afternoon when he fell backward to the ground, and died from heart trouble.

LAWN TENNIS.

SPLENDID RECORD OF R. D. LITTLE, THE PRINCETON CHAMPION.

HIS UNEXPECTED RISE THIS SEASON ONE OF THE YEAR'S SURPRISES IN TENNIS CIRCLES.

One of the most surprising features of the lawn tennis season which is just ending has been the unexpected success of Raymond D. Little, the Princeton champion, who has shown more improvement within a single year than any of the other prominent tournament players. Early last season Little was not well known among lawn tennis players, and his efforts had been confined chiefly

to college and local tournaments.

He sprang into prominence late last season, when he won the international championship tournament at Niagara-on-the-Lake. Canada, late in August, and then beat W. S. Bond, of Chicago, formerly the cup holder, for his trophy. Last spring Little joined issues with Fred B. Alexander, another Princeton student, and the two have shown brilliant work together in the season's doubles.

They won the Western championship at Chicago and at Newport, in the final series of matches for the National championship in doubles, they beat Hackett and Allen, the Eastern champions, and, incidentally, two Yale students, and then played a splendid match against Davis and Ward, the invincible Harvard pair, in the challenge round for the National championship. Their last success was to win the doubles at Cincinnati last week, which gives them the championship of Ohio. They are looked upon also as almost certain winners of the intercollegiate championship in doubles next month. Little's chief successes in singles have been his successful defence of the International Challenge Cup, when he beat H. H. Hackett, the Yale champion, and his victory last week for the Ohio State championship at Cincinnati. He is also counted upon by the Princeton contingent to win the intercollegiate championship in singles. Both he and Alexander are sons of well known New-Yorkers, Little's father being J. J. Little, the publisher, who was president of the Board of Education until six weeks ago, while Alexander is a son of James W. Alexander, president of the Equitable Life Assurance Society. Hackett and Allen, the Eastern champions, and, in-

WIND HINDERS PLAY AT MORRISTOWN. Morristown, N. J. Sept. 12 (Special) -Little progress was made here to-day in the Morristown Field Club's annual lawn tennis championship tournament because of the gale which blew over the courts. Only one match in the men's singles was played. In it Charles D. Cole, the Harvard player, a local expert. Cole made a good stand in the first set, but the wind played havor with his service, and he lost at 7-5. In the second set he appeared to be indifferent, and Freeman easily walked away with him. In the women's singles Miss Irene Walker played a spirited match against Miss Ruth Hurlbrought out the full strength of both players, and it was only by steady, careful work that Miss Walker won. The second round found Miss Mary March pitted against Miss Walker. Despite the fatigue of the latter from her first match, she captured the initial set from Miss March at 6-2. Miss ured the initial set from Miss March at 6-2. Miss March developed a winning streak in the second set, and by fast, hard playing at the net took the set at 6-4. In the deciding set Miss Walker lef at 5-3 and 40-15 by her remarkable volleying and .cillitant place drives. Her opponent outmanœuvred her by returning the ball to the back hand corner of the court and then following up the shot by a cross court shot from near the net. Miss March scored four straight games and gained the match at 7-5. Miss May Howell also prolonged her contest with Miss Margery Behr through three exciting sets, and finally captured the second and third sets by close scores. The summary:

Men's championship singles, second round—Leon 8. Freeman defeated Charles D. Cole, 7-5, 6-1. Women's championship singles, first round—Miss Irene Walker defeated Miss Ruth Hurlbut, 6-2, 6-4. Second round—Miss Mary March defeated Miss Irene Walker, 2-6, 6-4, 7-5; Miss May Howell de-feated Miss Margery Behr, 1-6, 8-6, 6-1.

THE HUDSON RIVER CHAMPIONSHIP Despite the high wind that made the flight of the balls unusually erratic, the Hudson River Lawn Tennis Association's championship tournament was continued again yesterday afternoon at the fash-ionable Amackassin Club, in Yonkers. The feature of the day was the exciting play in the mixed doubles, for each of the matches played in this competition required the full three sets to decide the winning team.

Miss Alice Ewings and C. S. Batt and Miss Edith Temple and C. D. Millard, the two crack teams from Tarrytown, were both successful, the former gatta of the Atlantic Yacht Club, scheduled for beating a Yonkers pair and the latter winning Saturday, September 15. This will be sailed over from two Cornwall players. In each case the Tarrytowners lost the second set, but the deciding set was won by 6-3, also the same in each match.

In the semi-finals of the mixed doubles to-day Miss Ewings and Batt will meet Miss Lowerre and Robertson, the Yonkers champions of last see son, and Miss Temple and Millard will have Mr. and Mrs. W. H. Pouch against them. In the men's singles Millard plays Betts this afternoon, and singles Millard plays Betts this afternoon, and the winner meets Robertson in the finals to-morrow, while in the women's singles Miss Lowerre meets Miss Hale, and the winner plays Mrs. Pouch in the finals to-morrow. Saturday will be reserved for the challenge matches in both men's singles and women's singles, last year's winners, C. S. Batt and Miss Alice Ewing, both of Tarrytown, defending their challenge cups.

The scores of yesterday's matches follow:

Men's championship singles (second round)—H. D. Betts beat C. H. Ketcham, 6—1, 6—0.

Semi-final round—J. L. Robertson, fr., beat H. D. James, 6—1, 6—2.

Women's championship singles (preliminary round)—Miss Marle Matthlessen beat Miss B. Strang by default. Semi-final round—Mrs. W. H. Pouch beat Miss Marle Matthlessen, 6—3, 6—1.

Mixed doubles (first round)—Miss Alice Ewings and C. S. Bat beat Miss B. Strang and S. F. Thayer, 6—1, 8—6, 6—3; Miss Edith Temple and C. D. Millard beat Miss Marle Matthlessen and L. V. Ledoux, 6—3, 4—6, 6—3.

CRICKET.

RANJITSINHJI SMASHES RECORDS

The redoubtable Ranjitsinhji has been smashing cricket records again, the latest feat of the Indian Prince being to beat the "centuries record," with eleven separate innings of over one hundred during the season. This he accomplished in the game played last week at Brighton, between Sussex and Kent, when he played a magnificent innings of 220. Previous to this the record number of centuries scored by a batsman in one season was ten by

The English papers describe "Ranji's" latest innings as a perfect cricket treat. His 220 was actually made out of 288 put on while he was at the wickets, and the brilliancy of his driving, the crispness of his cutting and the marvellous accuracy of his leg strokes frequently aroused a large crowd to the utmost enthusiasm, which found vent in almost continuous applause and cheering.

Ranjitsinhji has now scored 2.82 runs this scason, so that he has every prospect of obtaining an aggregate of 3,000 before play finally ceases for the year.

MAN IN STATURE ONLY.

HOW A YOUTHFUL GIANT FOUND HIS MAMMA. From The St. Louis Globe-Democrat.

He was evidently from the country, the cut of his homespuns, the clay on his boots, the scent of hay, all testified to this.

There was a half-frightened, half-anxious look on his face as he wended his way through the big crowd in the waiting room at Union Station. He seemed utterly alone and correspondingly downcast.

seemed utterly alone and correspondingly downcast.

Slowly he chowed his way through the crowd,
peering intently into each face as though looking
for some one. Twice he wandered over the big
station and then sought a seat in the west end of
the waiting room. For a moment he was quiet.
Then there was a twitching of the facial muscles
and an instant later he began to cry. Not a soft
cry of a person in distress, but a loud bawl which
started in a nigh treble and ended in a basso,
gemething like the bray of a donkey. The first cry
reached to the ceiling and vibrated along the girders and out to the midway, where it was drowned
by the clang and screech of the engine belis and
whistles.

by the clang and screech of the engine bells and whistles.

At the first note every one in the station turned and gazed at the unfortunate young man. A pitying glance swept over a number of faces, and many were the conjectures as to the cause of the young man's grief. The cries finally attracted the attention of Train Caller Brown and Station Policeman Hickey, and they hurried to the young man.

man.

"What's the matter, my boy?" queried Brown.

The boy rose and towered several inches above Brown. The sight of the brass buttons seemed to reassure the verdant youth somewhat, but he continued to gob. Finally he gasped out:

"Tye lost my mother."

"That's too bad," said Brown. "When did she die?"

Mobile Contest.

MACHINE TO BE AWARDED BY THE TRIBUNE

Capable of Going 36 Miles an Hour-

A Steam Flyer.

With a view to attract the attention of those who would value the possession of an automobile, an arrangement has been made between "The Mobile Company of America," at Tarrytown, N. Y., and The Tribune, whereby the latter is authorized to offer one machine, a MOBILE, free of expense to the particular reader of The Tribune who, after a friendly and innocent contest, shall have received the most votes from other Tribune readers and buyers for the purpose. Due notice of where, and when, the machine will be placed on exhibition will be given in these columns.

The Tribune will conduct the contest, receive the votes, announce the results from time to time, and award the prize.

Any man or woman in the States of New-York, Connecticut, Massachusetts or New-Jersey, being at the time of the contest a reader of The Tribune, is eligible to be voted for and to receive this machine, if winner in the voting con-

The MOBILE is a runabout carriage, with square body, low dashboard and bleycle wheels bearing Hartford tires, the seat and back upholstered in cloth or leather. The weight is benoistered in cloth of leather. The worst is de-tween 700 and 800 pounds, when ready for run-ning. The MOBILE is propelled by steam-gasolene or naphtha being used for fuel. gasolene or naphtha being used for fuel.

The boiler is of copper, containing 200 copper fire tubes; is wrapped with 2.500 feet of plano wire, put on by machinery; has been tested up to 1.250 lbs. pressure to the square inch, and will withstand 3.000 lbs. pressure. A forward copper cylinder holds the gasolene, and has been tested to 250 lbs. pressure to the square inch. No boiler of the MOBILE has ever exceeded.

inch. No boiler of the MOBILE has ever exploded, and the makers believe an explosion a practical impossibility, because the requisite pressure could not be reached with the material at hand. An automatic shut-off extinguishes the fire when a pressure of 160 lbs. has been attained. This automatic device is safeguarded against accident by a safety valve which opens the boiler at a pressure of 220 hs to the square inch. Other safety appliances have been added to the equipment.

The engines are double slide, with cylinders 2½ by 3½ inches, the crank making 1,000 revolutions a minute. A full reversing gear and strong brake are supplied. There have been twenty improvements made over the original Stanley carriage.

Stanley carriage.

Any speed desired up to 36 miles an hour can be enjoyed; and a capacity is given (for water and gasolene) for 100 miles of asphalt streets or 50 miles of country roads. The cost of the machine is \$750 cash, delivered at the station

TERMS OF CONTEST. ENTRIES will be received up to 6 p. m. No-

vember 5, 1900.

VOTING will end at 6 p. m., Monday, November 19. The winner will have the machine in time to enjoy a Thanksgiving Day ride.

VOTES will consist of headings of the first page of The Daily or Sunday Tribune, beginning with the date September 2, 1900. One heading will count as one vote; ten headings as ten votes, and so on.

ANSWERS TO CORRESPONDENTS.

H. C. V .- The fact that you are a woman does not bar you from the contest. Send on your votes whenever you are ready.

Richard Sheldon, of the New-York Athletic Club, the champion shot putter of the world, continues to set the pace in the contest for the mobile. Mr. Sheidon took a lively interest in the Rough Rider contest, although he was not

Jacob H. Jordan wishes his name withdrawn as a competitor in the contest. This has been done. It is impossible, however, to credit his votes to some other competitor as he suggests.

Votes have been received for E. C. Moody. Mr. Moody will have to send his address to this office, as no votes are recorded unless the competitor's address has been sent in

Address all inquiries and votes to AUTOMOBILE CONTEST.

Tribune Office, New-York. whom he had separated but a few mom-

whom he had separated but a few moments before, seemed impossible, "What's your name"" "James Warsaw, and I'm neventeen years old and live near Mayfield, Ky., answered the youth. "This is the first time I was ever in a big city, and I am afraid mother's gone home and left me. Brown led the young man to the steps leading from the waiting room, and, mounting to the fifth one, called: "Mrs. Warsaw!"

A neatly dressed woman pushed through the crowd and the boy began to smile. "There she is, he said. The woman took charge of the young man and the last seen of him he was holding his mother's hand and making for the outbound Louis-ville and Nashville train.

WOMEN MUST BE CORRALLED. MEXICAN TOWN GOVERNMENTS LEND AID TO

ETHNOLOGIST. From The Chicago News.

Professor Frederick Starr, of the University of Chicago, said to be the greatest modern student of Mexican ethnology and a scientist who has probably measured more Otamies and learned more about their life and history than any other, speaking of how he obtains subjects to measure, says:

"In every case I present to the officials of a native village the peremptory orders from the Governor of the district to give me all the assistance they can. I ask for one hundred men and wenty-five women. I content myself with twenty-five women, because they give me as much trouble as one hundred men. Besides, the women take to the woods when white strangers appear and have to be hunted out. If the village government hesitates about bringing me the subjects I threaten them with imprisonment and sit down to wait.

"Presently a woman will be seen returning to the village. The town government immediately disappears, its members separate and gradually close in on the one woman. A sudden dash and she is captured, brought before me and held while I measure her. In this way I get my twenty-five female subjects. The men submit out of curiosity."
